INTRODUCTION

Mission Statement

The goals of the City Government are to create a strong, safe and clean community, foster a high quality of life, promote neighborhood strength and integrity, to support sound community and economic development and to conserve and wisely utilize City resources to safeguard the health, safety and welfare of City Residents.

August 15, 2016

The Honorable Mayor And City Council members City of Groves Groves, Texas 77619

Gentlemen:

As this is the **FOURTEENTH** under my tenure as city manager it is important to comment on the dedication and productivity of the city's employees. Every department has risen to the challenges created by the circumstances of a difficult but improving economy, land locked city trying to preserve its identity, and the issues of growing our local economy, expanding housing and development opportunities, to create and expand revenue streams that will take pressure off of the property tax. It is in large part the council's leadership and progressive attitude coupled with the employee's commitment to productivity, savings, and service that has allowed the city to move forward. However, it is important to remember that our resources are limited and tax rates, utility rates, and sales tax rebates have their limits. The city will be making deliberate efforts in the coming fiscal year **to reduce and restructure the work force where practical.**

This is the second time in the last six years where the city has an increase in values instead of a loss or just experienced a small increase in values; the city has shown a healthy increase in total values. The city's values for this budget year are \$718,011,090 or \$13,776,498 higher than last fiscal year. The city's real estate values continue to improve primarily through new construction. Gross new construction value for this budget is \$4,766,030. This is nearly, \$1,800,000 higher than the amount that we have seen in new property values every year for the last several years. However, this is the second time we are seeing these values show up as a positive increase in overall city property values. In past budgets the city's value losses have been offset by a combination of increases in taxes, shifting more revenue from the sanitation and systems in the form of franchise fees, as well as restructuring and shrinking the workforce. This year due to the addition of a new full time code enforcement officer, we are looking at a tax increase that will cost the average property owner about \$22.00 per year.

This budget's objective is to fund the services required by the citizens at a competitive cost and within available financing resources. Managements challenge remains to increase and improve productivity, efficiency, city services, and infrastructure. As well as, recognize and develop employee strengths, contributions, and compensation, while maintaining fair and just tax and user rates. In addressing these objectives the city strives to act in the best interest of the Citizens of Groves. We feel that this budget is a positive step in the attainment of the objectives and challenges listed.

Submitted herewith is the proposed budget for the fiscal year October 1, 2016 through September 30, 2017.

The attached document with supporting schedules is submitted pursuant to the provisions of Section I, Article VII of the Charter of the City of Groves, and it is the proposed financial plan for operating the City during the forthcoming fiscal year.

Total revenues for general fund are estimated to be \$9,040,840 for 2016/2017. Total revenues for 2015/2016 were \$8,620,654 this represents an increase of \$420,186 over last year's operating revenues for general fund. This increase is primarily made up of the addition of one new employee and changing the status of a part time employee in police to full time and step increases for all eligible employees. This increase breaks down as \$190,500 from all taxes, \$74,500 from permits and fees, and \$155,186 from internal franchise fees.

TAX VALUES

The Jefferson County Appraisal District has estimated the 2016-17 net taxable value to be \$718,011,090, an increase of \$13,776,498 in value from the \$704,234,602 in values of 2015-16. New taxable value of new improvements residential and commercial is \$4,766,030 making the net increase in value for the city \$9,010,468 or a healthy increase from last year's values. Ironically the city has seen new residential and commercial construction generate over \$13,660,000 of value in the last four fiscal years, this is the second year we are experiencing a true increase in values.

The total effective tax rate is **68.20 cents** or **1.16** cents less than the current rate of **69.36 cents**. It is recommended that the tax rate of **71.60** cents be adopted. This would be an increase of **3.4** cents above the effective rate and **2.2 cents** above the current rate of **69.36 cents**. Of this amount **61.37 cents** will be allocated to the General Fund, for maintenance and operations. The remaining amount of **10.23** cents will go to Interest & Sinking Fund for debt retirement. This would increase the M and O by **2.7 cents** above the current budget M and O rate of **58.66** cents and decrease the Debt Service amount by .0047 cents below the current rate of **10.70 cents**. The decrease on debt service is primarily an adjustment to the cost to service the remaining bonds and those sold three years ago to pay the city's portion of the Police Station/ EOC grant. These tax adjustments of .0047 cents decrease on debt service and a **2.7** cent increase to the M & O will be a net increase of the total tax rate by **2.24** cents higher than last year adding about **\$22.00** a year to the current tax bill per **\$100,000** of value.

GENERAL FUND

This year General Fund costs will increase by \$420,186 compared with last year's increase of \$116,174.

The increase in expenditures is primarily due to the STEP increases for all eligible employees. As well as the new full time code enforcement officer and conversion of part time employees to full time employees at police department. This is more than last year's increase due primarily to all personnel related changes, from wage increase to addition of personnel.

<u>Capital Outlay:</u> Equipment replacement this year is proposed in the amount of \$285,800 for all departments. These are capital acquisitions with the exception of heavy equipment that must be purchased in order to continue the work program and insure the productivity

of the city departments. These items range from books for the library to computer software to lease payments for patrol cars to fire fighter equipment.

Equipment Replacement Transfers Transfers from the equipment replacement fund to general fund are budgeted at a modest \$10,000. Transfers from all departments except solid waste to equipment replacement are at lower levels due to the city values and desire to keep the tax rate as low as possible. The current economy has improved to the point where the sales tax is up 3 % and approaching record levels. The result is that the city has forgone any transfers to the equipment replacement fund in order to keep personnel wages competitive and city services and at their current levels. It is hoped that this will be short term and as the economy improves and values increase these transfers will be reinstated.

SOLID WASTE FUND

Revenues are estimated at \$1,474,103 this represents increasing the current rates to residential and commercial garbage customers. Expenditures including transfers to other funds are also projected at \$1,474,103. The rate for these services will increase 0.50 per month from \$17.36 to \$17.86 in this budget. This increase will be used to fund the clean-up and neighborhood initiatives faced by Neighborhood Services. It will also assist the code enforcement officer in working with residents to correct code violations. The city's use of roll off containers in new construction clean up, demolition of dangerous or empty structures, and the maintaining and restoring peace and dignity of neighborhoods is what this increase will be funding.

<u>Capital Outlay</u>: There is no major purchase of a garbage truck scheduled for the 2016-2017 budgets. There is a transfer to equipment replacement scheduled in 2016-2017 of \$50,000.

<u>Transfers</u>: There two transfers scheduled to be made from this fund. One transfer is to equipment replacement budgeted in the 2014-2015 budgets from Solid Waste in the amount of \$50,000. The second is in the amount of \$410,956 to city franchise fee. This allows a continued \$50,000 that will go to keep the streets rehabilitation budget at \$310,000 for 2016-2017. It will also allow for an additional \$20,956 for general fund.

SYSTEMS FUND

Total revenues are projected from all sources except transfers are expected to be \$4,706,500. This is \$268,000 lower than year's estimate. There are no increases recommended in water or sewer rates for this budget. As mentioned in last year's letter the Cleveland water tower is painted, and we are lowering projected revenues by \$268,000 in this proposed budget. Next will be the removal of the septage receiving, station and water meter debt service in 2017 and 2018 respectively. This means \$150,000 next year and another \$225,000 the year after that in 2018. This added to the fact that revenue prediction are the same for the last two budgets and incrementally increasing fees should have this system fund balancing for the 2017-2018 budget at around \$4,200,000. This is right at the historical revenue amount the city has been generating in this fund for the last few years.

<u>Capital Outlay</u>. There are \$315,000 budgeted to Capital Outlay for the Systems Fund. This represents debt service of \$225,000 on the meter upgrades and the remainder of \$87,000 is allocated to purchase one truck, heavy equipment, building repairs and other small equipment and tools.

<u>Transfers:</u> Transfers from Systems are \$1,129,100 with \$682,284 to general fund as a franchise fee and \$446,816 debt service. Sales tax fund will provide nothing to debt service and EDC Fund will provide \$475,000 to the Interest & Sinking Fund for debt service.

DEBT RETIREMENT

<u>Certificates of Obligation</u>. The debt service is set up to pay the refinanced 1996 series certificates for the construction of the city waste water plant. Additional debt was incurred from TWDB certificates of 5.7 million to begin the inflow and infiltration remediation. The amount budgeted to pay this debt service for 2016 which includes the city Emergency Operations Center and Police Station is \$1,662,432. A portion of this will be paid with tax revenue in the amount of \$740,616 and the remainder will be paid from systems fund in the amount of \$446,816, sales tax fund in the amount of \$475,000.

In the next budget 2017-2018 debt service will be \$1,660,933 it will remain at that level for an additional year and then in 2018-2019 it will drop to \$607,000 and remain at that level for the next 9 years. When this debt service drops the city needs to divert a large portion of those funds to a major street improvements project. My recommendation would be \$1,000,000 per year for five to eight years paying as we go. This would require an additional \$700,000 be added to the current street program. Taking into consideration the two upcoming drops in debt service, this will free up \$200,000 in 2017 and 2018 and \$1,000,000 in 2019 and thereafter.

PERSONNEL

Wages & Benefits: It is important to recognize the contributions of all the city employees. These contributions and dedication to their jobs insures a productive work force and a well-maintained city. The city employees are a valuable resource and should be treated accordingly. As a result of the reorganization and shrinking of the workforce and the step increase given to all eligible employees in the current budget; this budget has a recommendation to provide a step increase for all eligible employees given in October and in April.

This budget recommends a STEP increase of for all eligible employees delivered in two installments. This would cost the city about **\$105,000** across all funds, General, Sanitation and Systems.

Health Insurance. The Texas Municipal League Intergovernmental Employee Benefits Pool notified the City that premiums will go up slightly for the current plan. However, the city will be offered seven additional plans. These plans will have different deductibles and different coinsurance percentages. Employees now have the option to review and yearly

choose the plan that is best for their particular situation. The city will increase the funding for health insurance from \$650.00 per month to \$670.00 per month an increase of \$20.00 per month and continue to subsidize the dependent insurance by \$280.00. If the employee chooses a plan, out of the 8 plans offered, that has lower premiums than the amount provided by the city, the employee will be able to buy down their dependent coverage or place the health savings account that will allow them to access the savings for other medical needs and services. This choice allows the employee to obtain coverage and deductibles that are designed to serve his individual family needs, and pay the corresponding amount for those higher or lower deductibles.

SALES TAX STATUS

The increase of Sales Tax Revenue was the foremost concern in the preparation of this budget, as these funds are intertwined into all major areas of the budget. Although current sales tax revenues increased by 3% to 5% over 2016 and are expected to increase by 3 to 5% for 2016 budget predictions, it is still prudent to be practical and cautious in budgeting this revenue.

Basically, our Sales Tax revenues flow into two areas in the budget. The first area is the Economic Development Corp. Fund, which receives the amount derived from the ½ cent sales tax that was adopted by the voters pursuant to Section 4-B of the Development Corporation Act of 1979. This amount is specifically dedicated to the retirement of debt applicable to the construction of the Wastewater Treatment Facility. The second stream of revenue flows into the General Fund, and is used to partially cover the various operations in that fund.

This budget predicts a projected decrease of \$75,000 over the current estimate of \$1,475,000. In the 2016 fiscal year the sales tax was flat. The expansion projects announced for local plants with associated construction estimates in the billions of dollars gives us confidence that this is a temporary condition. It is prudent to make realistic but cautious predictions about the future of this revenue stream. General Fund allocation will be predicted at \$1,400,000. The EDC amount will also set proportionally at \$700,000.

It is difficult, if not impossible; to accurately predict factors that may affect buying trends and private business decisions that may be made in the next year. The sales tax predictions shown are the best estimates that could be achieved through a studied assessment of all information that was available at the time that this budget was formulated. In addition the proactive reaction of the city and chamber has helped to improve the business climate in the city.

CONCLUSION

- > This budget should be reviewed in light of the objectives it was designed to accomplish:
- The careful review of current operations and the search for new revenue sources and maximizing of current revenue sources.
- > The continuation of quality city services at a reasonable cost by reviewing current procedures and making improvements to operations.

- The Councils concern to balance the service demand and the ability of taxpayers to pay for that demand by establishing a reasonable tax rate of **71.60** cents. An increase of **2.24** cents above the current rate of **69.36** cents. This budget has an M and O rate of **61.37** cents and an I and S rate of **10.23** cents.
- Recognition of the value and needs of all employees and their role in the efficient delivery of services; Employee initiated ideas have allowed for the cultivation of new revenue sources, purchasing savings, and much improved productivity.
- > The timely replacement of capital and the maintenance and improvement of facilities for continued optimum use; the septage treatment program is expected to continue to generate additional revenue for this budget.
- > Conformation of long-term goals designed to meet the basic infrastructure and utility needs of the city today and for the future.

The insight and guidance that was provided by members of the Council during the formative stages of this budget is appreciated.

Respectfully submitted,

D.E. Sosa City Manager

ORDINANCE NO. 2016-10

ANNUAL APPROPRIATION ORDINANCE OF THE CITY OF GROVES FOR THE 2016-2017 FISCAL YEAR, APPROPRIATING FUNDS FOR DISBURSEMENT FOR THE VARIOUS PURPOSES AND USES OF THE CITY, PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the City Charter of the City of Groves provides that the City Council shall adopt an appropriation ordinance each year, after public hearing and publication as provided in said Charter, showing the estimated income of the City from all sources and the disbursements for the various purposes for the fiscal year 2016-2017; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GROVES:

SECTION 1: - That the proposed budget for the fiscal year October 1, 2016 through September 30, 2017, of the City of Groves has been duly filed with the City Council of said City.

SECTION 2: - That proper public notice of the public hearings of such budget was made stating the place, date, and hour of such hearings, which were held in the Groves City Council Chamber in the City of Groves, Texas, 3947 Lincoln Avenue, on the 22nd day of August, 2016, immediately following the regularly scheduled City Council meeting at 5:30 p.m., and on the 6th day of September, 2016, at 5:30 p.m., as required by law.

SECTION 3: - That the estimated amount of revenues to be made available from all sources for the fiscal year October 1, 2016, through September 30, 2017, is \$18,283,875.

SECTION 4: - That the sum of \$18,283,875 is appropriated and shall be disbursed for the following purposes and uses:

| General Government – Mayor & City Council\$ | 72,761 |
|---------------------------------------------|---------|
| General Government – City Manager\$ | 323,307 |
| General Government – Human Resources\$ | 221,833 |

| General Government - Finance\$ | 451,766 |
|--------------------------------|-----------|
| Municipal Court\$ | 141,867 |
| Library\$ | 356,883 |
| Parks & Recreation\$ | 226,932 |
| Police | 3,020,205 |
| Fire\$ | 1,554,771 |
| Animal Control\$ | 79,267 |
| Animal Shelter\$ | 31,400 |

| TOTAL\$ 1 | 8,283,875 |
|-----------------------------------|-----------|
| Special Items – Sales Tax Fund | 1,400,000 |
| General Obligation Debt Service\$ | 1,662,432 |

SECTION 5: - That the proposed budget for the fiscal year aforesaid, submitted to the City Council and on file and of record, is hereby adopted and approved.

SECTION 6: - That pursuant to Article VII, Section 2 of the City Charter, following the final public hearing, a summary of the information in this ordinance was published in the official newspaper of the city, that is, the Port Arthur News.

SECTION 7: - That this Annual Appropriation Ordinance is hereby adopted at least ten (10) days after its publication, and not later than September 30, 2016, as provided in the Charter of the City of Groves.

SECTION 8: - That if any provision, section, subsection, paragraph, sentence, clause, or phrase of this ordinance shall for any reason be held to be unconstitutional, void, or invalid, such invalidity shall not affect the validity of the remaining provisions of this ordinance; and to this end all provisions of this ordinance are declared to be severable.

SECTION 9: - That this ordinance shall be in effect from and after its passage.

PASSED, APPROVED AND ADOPTED at a regular meeting of the City Council of the City of Groves held on the 19th day of September, 2016.

Brad P Bailey, Mayo

ATTEST:

Kimbra B. Lowery, City Clerk

The foregoing ordinance, including all the provisions thereof, is hereby approved as to form and legality.

James M. Black, City Attorney

ORDINANCE NO. 2016-11

AN ORDINANCE APPROVING THE TAX ASSESSMENT ROLLS FOR THE YEAR 2016, LEVYING AND ASSESSING TAXES FOR THE SUPPORT OF THE CITY OF GROVES AND THE MUNICIPAL GOVERNMENT THEREOF; APPORTIONING EACH LEVY FOR SPECIFIC PURPOSES; AND LEVYING AND ASSESSING A HOTEL OCCUPANCY TAX; PROVIDING THE DATE FOR THE COLLECTION OF TAXES; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, pursuant to the provisions of the Tax Code of the State of Texas, the tax assessment rolls to be used for the collection of taxes for the captioned year, wherein the value of all property situated within the City of Groves, subject to ad valorem taxes for the year 2016, was fixed by Angela Bellard, Chief Appraiser of Jefferson County Appraisal District, at a total value of \$797,679,171; now therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GROVES:

SECTION 1: - That the tax assessment roll furnished to the City Council by the Tax Assessor of the City, based upon the certified roll furnished to the Tax Assessor by Angela Bellard, Chief Appraiser of Jefferson County Appraisal District, certifying a total value of \$797,679,171, less all exemptions provided by either State law or City ordinance in the amount of \$79,688,081, for a total taxable value of \$718,011,090, shall become the tax assessment roll of the City of Groves for the year 2016.

SECTION 2: - That there is hereby levied for the current year 2016, and there shall be collected for the use and support of the municipal government of the City of Groves, and to provide interest and sinking funds for the fiscal year ending September 30, 2017, upon all property, real, personal, and mixed, within the corporate limits of said City subject to taxation, a tax of

71.6038 cents on each \$100.00 valuation of property; said tax being so levied and apportioned to the specific purposes hereinafter set forth:

- (a) For the maintenance and support of the general government (General Fund), 61.3682 cents on each \$100 valuation of property; THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE. THE TAX RATE WILL EFFECTIVELY BE RAISED BY 4.97 PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$9.97, and
- (b) For the Interest & Sinking Fund, 10.2328 cents of each \$100 valuation of property.

SECTION 3: - That the Jefferson County Tax Assessor-Collector (who, pursuant to contract, is the Tax Assessor-Collector for the City of Groves) is hereby directed to prepare Tax Statements and proceed with the collections of the 2016 taxable year, and the amounts collected shall be deposited in the Depository of the City of Groves, to be distributed in accordance with this Ordinance.

SECTION 4: - That there is hereby levied a hotel occupancy tax as provided by State law which shall be collected as provided by State law.

SECTION 5: - That except as provided by Sections 31.031, 31.032 and 31.04 of the Property Tax Code, the ad valorem taxes hereby levied for the year 2016 shall become due and payable on receipt of the tax bill and are delinquent if not paid before February 1, 2017, as provided by Section 31.02 of the Property Tax Code.

- (a) As provided by Section 33.01 of the Property Tax Code, after delinquency, the following penalty shall be due and payable thereon, to-wit: During the month of February, six percent (6%); during the month of March, seven percent (7%); during the month of April, eight percent (8%); during the month of May, nine percent (9%); during the month of June, ten percent (10%); and on and after the first day of July, twelve percent (12%).
- (b) The split-payment option for payment of taxes as authorized by Section 31.03 of the Property Tax Code, is hereby revoked.
- (c) A delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid, to compensate the taxing unit for revenue lost because of the delinquency, as provided by Section 33.01 of the Property Tax Code.
- (d) The additional penalties for collection costs provided by Sections 33.07 and 33.08 of the Property Tax Code are also adopted.
- (e) The Tax Assessor-Collector shall, as of July 1, 2017, compile a list of the lands, lots, and/or property on which any taxes for the year 2016 are delinquent, charging against the same all unpaid taxes assessed against the owner thereof on the rolls for that year.

Penalties, interest, and costs accrued against any land, lots, and/or property need not be entered by the Tax Assessor-Collector on said list, but in each and every instance, all such penalties, interest, and costs shall be and remain a statutory charge with the same force and effect as if entered on said

list. Also, the Tax Assessor-Collector shall calculate and charge all such penalties, interest, and costs on all delinquent tax receipts issued by her.

Said list, on the rolls or books on file in the office of the Tax Assessor-Collector, shall be prima facie evidence that all the requirements of the law have been complied with as to regularity of listing, assessing, and levying all taxes therein set out, and that the amount assessed against said real estate is a true and correct charge. If the description of the real estate in said list or assessment rolls or books is not sufficient to identify the same, but a sufficient description exists in the office of the Tax Assessor-Collector, then such description shall be admissible as evidence of the description of the property.

SECTION 6: - That all receipts of the City not specifically apportioned by this ordinance are hereby made payable to the General Fund of said City.

SECTION 7: - That the tax rate and the calculations used to determine the tax rate together with the estimated amount of Interest and Sinking Fund balances and the estimated amount of Maintenance and Operation, or General Fund balances, remaining at the end of the current fiscal year which are not encumbered with or by corresponding existing debt obligation, was published in the Port Arthur News, a newspaper of general circulation within the City of Groves, in a manner designated to come to the attention of all owners of property in the City, as provided by Section 26.04 (e), V.T.C.A. Tax Code.

SECTION 8: - That if any provision, section, subsection, paragraph, sentence, clause, or phrase of this ordinance shall for any reason be held to be unconstitutional, void, or

invalid, such invalidity shall not affect the validity of the remaining provisions of this ordinance; and to this end all provisions of this ordinance are declared to be severable.

SECTION 9: - That this ordinance shall be in effect from and after its passage.

PASSED, APPROVED AND ADOPTED at a regular meeting of the City Council of the City of Groves held on the 19th day of September, 2016.

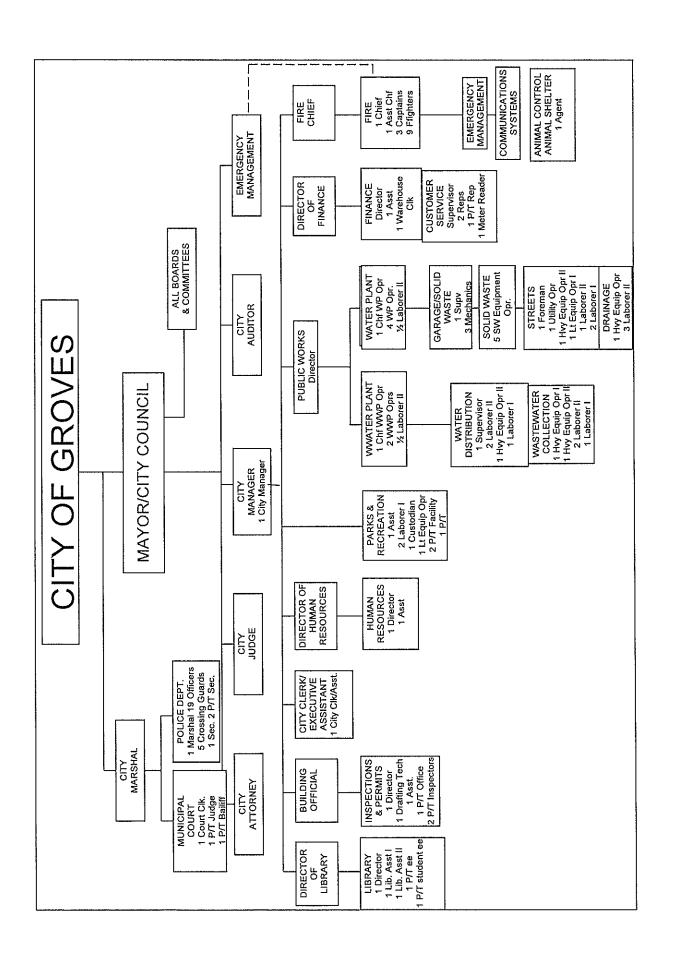

Brad P Bailey, Mayor

ATTEST:

Kimbra B. Lowery, City Clerk

The foregoing ordinance, including all the provisions thereof, is hereby approved as to form and legality.

James M. Black, City Attorney

City Manager

The City Manager coordinates and directs the activities of various City functions so policies of the City Council will be carried out in an efficient and economical manner. He is responsible to and serves at the will and pleasure of the City Council; he may be removed at any time by a majority vote of that body.

He is the Chief Administrative Officer of the City and is charged with the responsibility of properly executing the laws, ordinances and policies adopted by the governing body. He acts as the Budget Officer for the City.

Inspections and Permits

The function of the Inspections and Permits Department is to administrate, interpret and enforce zoning, building, housing, plumbing and electrical codes; issue all building, plumbing and electrical permits in accordance with the ordinances and codes of the City; inspect all building, plumbing and electrical work performed in the City.

This department acts as a local repository where flood insurance, maps and rate schedules are made available for public inspection and to work in conjunction with, and attend meetings of the Board of Adjustments and Appeals, Planning and Zoning Commission and Zoning Board of Adjustments.

INVESTMENT POLICY

Adopted: 10/09/95 Revised: 12/16/96 Revised: 04/20/98 Revised: 08/23/99 Revised: 10/02/00 Revised: 09/10/01 Revised: 09/23/02 Revised: 09/23/02 Revised: 09/14/09

CITY OF GROVES

INVESTMENT POLICY

It is the policy of the City of Groves to invest public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds, including the Public Funds Investment Act of 1995 as stated in Chapter 2256, Government Code and subsequent amendments thereto.

I. SCOPE

This investment policy applies to all transactions involving the financial assets and related activity for all the foregoing funds. However, this policy does not apply to the assets administered for the benefit of the City by outside agencies under deferred compensation or retirement programs. The funds to which this policy applies are accounted for in the City's Comprehensive Annual Financial Report (CAFR) and include:

- General Fund
- Special Revenue Funds
- Debt Service Funds
- Capital Project Funds
- Enterprise Fund
- Trust and Agency Funds
- (any new fund created by the legislative body unless specifically exempted)

II. OBJECTIVES

The City of Groves shall manage and invest its cash with four objectives, listed in order of priority: Safety, Liquidity, Yield, and Public Trust. The safety of the principal invested always remains the primary objective. All investments shall be designed and managed in a manner responsive to the public trust and consistent with state and local law. The City shall maintain a comprehensive cash management program which includes collection of accounts receivable, vendor payment in accordance with invoice terms, and prudent investment of available cash. Cash management is defined as the process of managing monies in order to insure maximum cash availability and maximum yield on short-term investment of pooled idle cash.

SAFETY

The primary objective of the City's investment activity is the preservation of capital in the overall portfolio. Each investment transaction shall be conducted in a manner to avoid capital losses, whether they be from securities defaults or erosion of market value.

LIQUIDITY

The City's investment portfolio shall be structured such that the City is able to meet all operating requirements which might be reasonably anticipated.

YIELD

The City's cash management portfolio shall be designed with the objective of attaining a rate of return throughout budgetary and economic cycles, commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio.

PUBLIC TRUST

All participants in the City's investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transactions which might impair public confidence in the City's ability to govern effectively.

III. RESPONSIBILITY AND CONTROL

DELEGATION OF AUTHORITY AND TRAINING

Authority to manage the City's investment program is derived from the Charter of the City of Groves. The Director of Finance and the City Manager are designated as investment officers of the City and are responsible for investment decisions and activities. The investment officers shall exercise the judgement and care, under prevailing circumstances, that a prudent person would exercise in the management of the person's own affairs. This does not prohibit an investment officer from using the entity's employees or the services of a contractor of the entity to aid the investment officer in the execution of the officer's duties under this policy.

The investment officers shall attend at least one training session containing at least ten (10) hours of instruction relating to the officer's responsibility under the Act within twelve (12) months after assuming duties. An investment officer also shall attend a training session not less than once in a two-year period and may receive not less than ten (10) hours of instruction relating to investment responsibilities from an independent source approved by the City Council. Such training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with state law pertaining to investment of public funds.

INTERNAL CONTROLS

The Director of Finance is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss,

theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

Accordingly, the Director of Finance shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures.

PRUDENCE

The standard of prudence to be applied by the investment officer shall be the "prudent investor" rule which states: "Investments shall be made with judgement and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived." In determining whether an officer has exercised prudence with respect to investment decision, the determination shall be made taking into consideration:

- A. The investment of all funds, or funds under the City's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment.
- B. Whether the investment decision was consistent with the investment policy of the City.

The investment officer, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for a specific security's credit risk or market price changes, provided that these deviations are reported immediately and that appropriate action is taken to control adverse developments.

ETHICS AND CONFLICTS

City staff involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. City staff shall disclose to the City Manager any material financial interests in financial institutions that conduct business with the City; and they shall further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio, particularly with regard to timing of purchases and sales.

An investment officer of the City who has a personal business relationship, as defined by state law, with a business organization offering to engage in an investment transaction with the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics Commission and the governing body of the entity.

IV. REPORTING

QUARTERLY REPORTING

The Director of Finance shall submit a signed quarterly investment report that summarizes investment transactions for all funds covered under this policy for the preceding reporting period.

METHODS

The quarterly investment report shall be prepared in a manner which will allow the City to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report must:

- A. Describe in detail the investment position of the City on the date of the report;
- B. Be prepared jointly by all investment officers of the City;
- C. Be signed by each investment officer of the City;
- D. Contain a summary statement prepared in compliance with generally accepted accounting principles of each pooled fund group that states the:
 - (1) beginning market value for the reporting period,
 - (2) additions and changes to the market value during the period, and
 - (3) ending market value for the period;
- E. State the book value and market value of each separately invested asset at the beginning and end of the reporting period by the type of asset and fund type invested that has a maturity date;
- F. State the maturity date of each separately invested asset that has a maturity date; and
- G. State the account or fund or pooled group fund in the City for which each individual investment was acquired.

ANNUAL AUDIT

If the City invests in other than money market mutual funds, investment pools, or accounts offered by its depository bank in the form of certificates of deposit, money market accounts, or similar accounts, the above required reports prepared by the investment officers shall be formally reviewed at least annually by an independent auditor, and the result of the review shall be reported to the City Council by that auditor.

V. INVESTMENT PORTFOLIO

INVESTMENTS

Assets of the City of Groves may be invested in the following instruments provided, however, that at no time shall assets of the City be invested in any instrument or security not authorized for investment under the Act, as the Act may from time to time be amended.

AUTHORIZED INSTRUMENTS

- A. Obligations, including letters of credit, of the United States of America, its agencies and instrumentalities
- B. Direct obligations of the State of Texas and agencies thereof
- C. Other obligations, the principal of and interest on which are unconditionally guaranteed by the State of Texas or United States of America
- D. Obligations of the States, agencies thereof, Counties, Cities, and other political subdivisions of any state having been rated as investment quality by a nationally recognized investment rating firm, and having received a rating of not less than "A" or its equivalent.
- E. Certificates of Deposit of state and national banks or savings banks domiciled in Texas, or state or federal credit unions in Texas, guaranteed or insured by the Federal Deposit Insurance or its successor or secured by obligations described in A through D above, which are intended to include all direct agency or instrumentally issued mortgage backed securities rated AAA by a nationally recognized rating agency, or by Article 2529b-1, V.T.C.S., and that have a market value of not less than the principal amount of the certificates
- F. Fully collateralized direct repurchase agreements with a defined termination date secured by obligations of the United States or its agencies and instrumentalities pledged with a third party, selected by the Director of Finance, other than an agency for the pledgor. Repurchase agreements must be purchased through a primary government securities dealer, as defined by the Federal Reserve, or a bank domiciled in Texas. Investments in this type of instrument may not exceed \$20,000 in total.
- G. Joint pools of political subdivisions in the State of Texas which invest in instruments and follow practices allowed by current law.
- H. No-load money market mutual funds registered with and regulated by the Securities and Exchange Commission with a dollar-weighted average stated maturity of 90 or fewer days and included in its investment objectives the maintenance of a stable net asset value of \$1 for each share.

No-load mutual funds are also authorized if they are registered with the Securities and Exchange Commission, have an average weighted maturity of less than two years, and

are invested in obligations authorized in this section. Such mutual funds must be continuously rated as to investment quality by at least one nationally recognized investment rating firm of not less than AAA or its equivalent and conform to the requirements set forth in current law relating to the eligibility of investment pools to receive and invest funds of investing entities.

Amounts invested in money market mutual funds and no-load mutual funds described above may not exceed \$20,000 in total and must meet the requirements of state law.

UNAUTHORIZED INSTRUMENTS

The City's authorized investments options are more restrictive than those allowed by State law. State law specifically prohibits investment in the following investments securities.

- A. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal
- B. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest
- C. Collateralized mortgage obligations that have a stated final maturity date of more than ten years
- D. Collateralized mortgage obligations, the interest rate of which is determined by an index that adjusts opposite to the changes in a market index

EXISTING INVESTMENTS

The City is not required to liquidate investments that were authorized investments at the time of purchase.

HOLDING PERIOD

The City of Groves intends to match the holding periods of investment funds with liquidity needs of the City. In no case will the average maturity of investments of the City's operating funds exceed one year. This dollar weighted average maturity will be calculated using the stated final maturity dates of each security.

Investments in all funds shall be managed in such a way that the market price losses resulting from interest rate volatility would be offset by coupon income and current income received from the volume of the portfolio during a 12 month period.

RISK AND DIVERSIFICATION

The City of Groves recognizes that investment risks can result from issuer defaults, market price changes, or various technical complications leading to temporary illiquidity.

Risk is controlled through portfolio diversification which shall be achieved by the following general guidelines.

- A. Risk of issuer default is controlled by limiting investments to those instruments allowed by the Act which are described herein.
- B. Risk of market price changes shall be controlled by avoiding over-concentration of assets in a specific maturity sector and avoidance of over-concentration of assets in specific instruments other than U. S. Treasury Securities and Insured or Collateralized Certificates of Deposits.
- C. Risk of illiquidity due to technical complications shall be controlled by selection of securities dealers as described herein.

The following maximum limits, by instrument, are established for the City's total portfolio:

| 1. U.S. Treasury Securities | 100% |
|------------------------------------------|-------------|
| 2. Certificates of Deposit | 100% |
| 3. Agencies and Instrumentalities | 7 <u>5%</u> |
| 4. Authorized Pools | 50% |
| 5. Other Obligations Described in V. B-C | 50% |
| 6. Repurchase Agreements | 5% |
| 7. Money Market Mutual Funds | <u>5%</u> |
| 7. Collateralized Accounts | 100% |

MONITORING

Market price of investments acquired with public funds will be based on values listed in the Wall Street Journal.

SETTLEMENT

All transactions, except investment pool funds and mutual funds, are to be settled on a delivery versus payment basis.

VI. SELECTION OF BROKERS/DEALERS

SELECTION OF AUTHORIZED BROKERS

The City Council shall at least annually review, revise, and adopt a list of qualified brokers authorized to engage in investment transactions with the City.

All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:

• certification of having read the City's investment policy signed by a qualified representative of the organization

• acknowledgement that the organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the City and the organization that are not authorized by the City's investment policy, except to the extent that this authorization is dependent on an analysis of the makeup of the entity's entire portfolio or requires an interpretation of subjective investment standards.

VII. SAFEKEEPING AND CUSTODY

INSURANCE OR COLLATERAL

All deposits and investments of City funds in certificates of deposit or repurchase agreements shall be secured by pledged collateral. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 102% of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or FSLIC. Evidence of the pledged collateral shall be maintained by the Director of Finance or a third party financial institution. Repurchase agreements shall be documented by a specific agreement noting the collateral pledge in each agreement. Collateral shall be reviewed monthly to assure that the market value of the pledged securities is adequate. Collateral will be registered in the City's name and held by third party custodian.

SAFEKEEPING AGREEMENT

Collateral pledged to secure deposits of the City shall be held by a Safekeeping Agreement which clearly defines the procedural steps for gaining access to the collateral should the City of Groves determine that the City's funds are in jeopardy. The safekeeping institution, or Trustee, shall be the Federal Reserve Bank or an institution not affiliated with the firm pledging the collateral.

COLLATERAL DEFINED

The City of Groves shall accept only the following securities as collateral:

A. FDIC insurance coverage;

- B. Direct obligations of the United States of America, its agencies and instrumentalities, which have a liquid market with a readily determinable market value.
- C. Obligations the principal and interest on which are unconditionally guaranteed or insured by the State of Texas; or
- D. A bond of the State of Texas, or of a county, city or other political subdivision of the State of Texas, having been rated as investment grade (investment rating no less than "A" or its equivalent) by a nationally recognized rating agency with a remaining maturity of ten years or less.

SUBJECT TO AUDIT

All collateral shall be subject to inspection and audit by the Director of Finance or the City's independent auditors.

VIII. INVESTMENT POLICY ADOPTION

The City of Groves investment policy shall be adopted by resolution of the City Council. The policy and strategies shall be reviewed on an annual basis by the City Council. The City Council shall adopt a written instrument by rule, order, ordinance, or resolution stating that is has reviewed the investment policy and investment strategies; and the written instrument so adopted shall record any changes made to either the investment policy or investment strategies.

IX. INVESTMENT STRATEGY

The City of Groves maintains portfolios which utilize four specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolios:

- A. Investment strategies for governmental and proprietary fund types, other than debt service and capital projects funds, will have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create a portfolio structure which will experience minimal volatility during economic cycles. This may be accomplished by purchasing high quality, short-to medium-term securities which will complement each other in a laddered or Barbell maturity structure.
- B. Investment strategies for debt service funds shall have as the primary objective the ability to generate a dependable revenue stream to the appropriate debt service fund from securities with a low degree of volatility. Securities should be of high quality and, except as may be required by the bond ordinance specific to an individual issue, of short-to intermediate-term maturities.
- C. Investment strategies for capital projects or special purpose fund portfolios will have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. These portfolios should include at least 10% in highly liquid securities to allow for flexibility and unanticipated project outlays. The stated final maturity dates of securities held should not exceed the estimated project completion date.
- D. For pooled fund groups, the maximum dollar-weighted average maturity allowed, based on the stated maturity date, for the portfolio may not exceed 365 days.

GLOSSARY

of

COMMON TREASURY TERMINOLOGY

AGENCIES: Federal agency securities

ASKED: Price at which securities are offered

BID: Price offered for securities

BOOK VALUE: The original acquisition cost of an investment, plus or minus the accrued amortization or accretion.

BROKER: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not position. In the money market, brokers are active in markets in which banks buy and sell money and in inter-dealer markets.

CERTIFICATE OF DEPOSIT (CD): A time deposit with a specific maturity evidenced by a certificate. Large-denomination CD's are typically negotiable.

COLLATERAL: Securities, evidence of deposit, or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR): Official annual report for the City of Groves which includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. Also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, extensive introductory material, and a detailed Statistical Section.

COUPON: (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond evidencing interest due on a payment date.

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DEBENTURE: A bond secured only by the general credit of the issuer.

DELIVERY vs. PAYMENT: There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

DISCOUNT: The difference between the cost price of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

DISCOUNT SECURITIES: Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value, e.g., U. S. Treasury Bills.

DIVERSIFICATION: Dividing investment funds among a variety of securities offering independent returns.

FEDERAL CREDIT AGENCIES: Agencies of the Federal government set up to supply credit to various classes of institutions and individuals, e.g., savings and loans, small business firms, students, farmers, farm cooperatives, and exporters.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC): A Federal agency that insures bank deposits, currently up to \$250,000 per deposit.

FEDERAL FUNDS RATE: The rate of interest at which Federal funds are traded. This rate is currently pledged by the Federal Reserve through open-market operations.

FEDERAL HOME LOAN BANKS (FHLB): The institutions that regulate and lend to savings and loan associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks vis-à-vis member commercial banks.

FEDERAL NATIONAL MORTGAGE ASSOCIATION (FNMA): FNMA, like GNMA, was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development (HUD). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA'S securities are also highly liquid and widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

FEDERAL OPEN MARKET COMMITTEE (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of government securities in the openmarket as a means of influencing the volume of bank credit and money.

FEDERAL RESERVE SYSTEM: The central bank of the United States created by Congress and consisting of a seven member Board of Governors in Washington, D.C., 12 regional banks, and about 5,700 commercial banks that are members of the system.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION (GNMA or Ginnie Mae): Securities guaranteed by GNMA and issued by mortgage bankers, commercial banks,

savings and loan associations, and other institutions. Security holder is protected by full faith and credit of the U. S. Government. Ginnie Mae securities are backed by FHA, VA, or FMHM mortgages. The term pass-through is often used to describe Ginnie Maes.

LIQUIDITY: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable quantities can be pruchased at those quotes.

LOCAL GOVERNMENT INVESTMENT POOL (LGIP): Aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment.

MARKET VALUE: The current face or par value of an investment, multiplied by the net selling price of the security as quoted by a recognized market pricing source quoted on the valuation date.

MASTER REPURCHASE AGREEMENT: To protect investors, many public investors will request that repurchase agreements be preceded by a master repurchase agreement between the investor and the financial institution or dealer. The master agreement should define the nature of the transaction, identify the relationship between the parties, establish normal practices regarding ownership and custody of the collateral securities during the term of the investment, provide remedies in the case of default by either party, and clarify issues of ownership. The master repurchase agreement protects the investor by eliminating the uncertainty of ownership and hence, allowing investors to liquidate collateral if a bank or dealer defaults during the term of the agreement.

MATURITY: Date on which the principal or stated value of an investment becomes due and payable.

MONEY MARKET: Market in which short-term debt instruments (bills, commercial paper, bankers' acceptance, etc.) are issued and traded.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

PORTFOLIO: Collection of securities held by an investor.

PRIMARY DEALER: Group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include the Securities and Exchange Commission (SEC), registered securities broker-dealers, banks, and a few unregulated firms.

PRUDENT PERSON RULE: An investment standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence,

discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their own capital as well as the probable income to be derived.

QUALIFIED PUBLIC DEPOSITORIES: A financial institution which does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

QUALIFIED REPRESENTATIVE: A person, holding a position with a business organization, who is authorized to act on behalf of the business organization and who is one of the following:

- for a business organization doing business regulated by or registered with a securities commission, a person who is registered under the rules of the National Association of Securities Dealers;
- for a state or federal bank, savings bank, or state or federal credit union, a member of the loan committee for the bank or branch of the bank, or a person authorized by corporate resolution to act on behalf of and bind the banking institution; or
- for an investment pool, the person authorized by the elected official or board with authority to administer the activities of the investment pool and to sign the written instrument on behalf of the investment pool; or
- for an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or, if not subject to registration under that Act, registered with the State Securities Board, a person who is an officer or principal of the investment management firm.

RATE OF RETURN: The yield obtainable on a security based on its purchase price or its current market price. This may be amortized yield to maturity on a bond or the current income return.

REPURCHASE AGREEMENT (RP or REPO): A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate for this. Dealers use RP extensively to finance their positions. Exception-when the Fed is said to be doing RP, it is lending money, that is, increasing bank reserves.

SAFEKEEPING: Service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SEC RULE 15C3-1: See uniform net capital rule.

SECONDARY MARKET: A market made for the purchase and sale of outstanding issues following the initial distribution.

SECURITIES & EXCHANGE COMMISSION: Agency created by Congress to protect investors in securities transactions by administering securities legislation.

TREASURY BILLS: Non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months, or one year.

TREASURY BOND: Long-term U. S. Treasury securities having initial maturities of more than ten years.

TREASURY NOTES: Intermediate-term coupon bearing U. S. Treasury securities having initial maturities from one to ten years.

YIELD: Rate of annual income return on an investment, expressed as a percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price of the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

UNIFORM NET CAPITAL RULE: Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called NET CAPITAL RULE and NET CAPITAL RATIO. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.
